Star Talent at Wednesday Presentation Assembly

Students cheer excitedly for their House team

AIMS TO PROMOTE POSITIVE BEHAVIOURS THAT OCCUR EVERY DAY IN OUR SCHOOL.

TERM 1 WEEK 6 2016

We learn from each other

It was fantastic to see the sportsmanship on show at the Swimming carnival last Friday. We wish those children selected in the North-West competition all the best and we hope they enjoy their experience!

It is pleasing to see all students lining up on time before the

second bell at recess and lunch. Teachers have commented how timely students have been in readiness for announcements before heading back to class.

We are looking forward to St Patrick's Day activities next week and hope to see everyone get into the spirit of

St Patrick during the Prayer Liturgy and Sports afternoon.

Our whole school focus of keeping the toilets clean and tidy is continuing. We encourage all students to put paper in the bins provided and report any accidents promptly.

Gotcha in action

Sophie Walker and Amy Glover collect rubbish at recess.

<-----
----->

Jack Walker also picked up rubbish during his playtime.

Your attitude to life and to people is similar to a motor in a car. If you have a good motor it will take you places in life. If your motor is in neutral (don't care) or reverse (negative attitude) you won't go far. There are people in your school and life who also provide positive attitude role model examples, such as your parents, teachers and peers.

Congratulations Isla Macgregor who cleaned up the Activities Room without being asked.

Over the course of the week, staff call on students to help them perform various tasks that they can't do by themselves - it could be shifting a table arrangement, carrying resources or setting up for assembly. Each child who helps will be placed in the draw for the weekly certificate.

The old PBS team helping the new team consisting of Eli, Hollie and Jason!

"In Grade 4, Layne has produced the star work this week. She was been doing a fantastic job learning about the writing process. This picture shows Layne using augmented reality to inspire her writing ideas".
