Grade 5/6 Science Investigation Awards finalists

AIMS TO PROMOTE POSITIVE BEHAVIOURS THAT OCCUR EVERY DAY IN OUR SCHOOL.

TERM 3 WEEK 8 2017

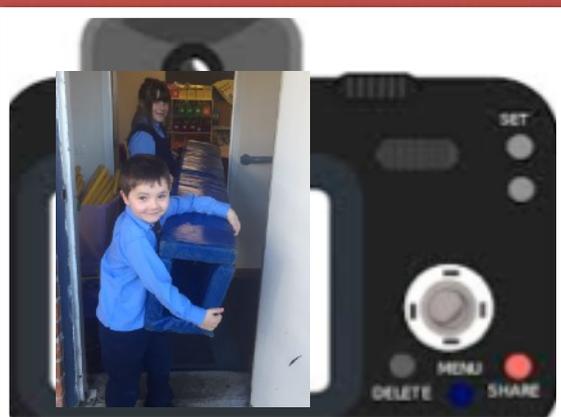

We learn from each other

Congratulations to all the Grade 5 & 6 students who entered the Science Investigation Awards. What a fabulous learning experience. The SRC members met on Tuesday to discuss their upcoming end of term events. The Disco is fast approaching and for a gold

coin donation students are invited to wear casual clothes and can also purchase chips and a drink to raise money for Lifeline. Their Footy Colours Day is on the last day of school and saveloys, pies and fruit boxes can be purchased to raise money for the Ronald McDonald charity.

All students will participate in Table Tennis sessions tomorrow led by Roger Massey. The equipment, 4 tables tennis tables, bats and balls, purchased with Sporting Schools funding, will be stored in the hall and provide teachers and students with a fun daily PE alternative.

Gotcha In Action!

HEALTHY EMOTIONAL EXPRESSION

Communicating your emotions to others:

- Helps you express your emotions
- Helps you feel like you are not alone
- Helps others get to know you and understand your feelings
- Helps you and a person you had a conflict with resolve the conflict

Interview with finalists Luka, Charlotte, Lucy, Layne and Fraser

Tell me about the Science Investigation Awards and why you entered:

Miss Reynolds said we could enter a project in the awards so we started getting ideas and developing a hypothesis. We researched how we would do the experiment and what resources we would need. It was a long process, six or seven weeks of preparation, gathering, recording and presenting data. The presentation boards were a big part of our project. We printed out the information and we backed it and decorated the board neatly. We travelled to Burnie Primary and each had a place on a table to set our boards. We waited for the judges to come round and talk to us about our learning. They let us do the talking and it was quite nerve wracking. We learnt to present our ideas confidently and set out a Science experiment professionally. We also learnt that Science is fun!

"If you focus on what you left behind..."

...You will never be able to see what lies ahead"

Prep - Ava Held

Grade 1 - Lottie Bielby

Grade 2 - Gabe Wachter

Grade 3 - Mataiya Brooke

Grade 4 - William Kiseljev

Grade 5 - Fraser Langton

Grade 6 - Bella Jarvis

GROWTH MINDSET AWARD

We are excited to let you know that

has demonstrated having a growth mindset.

Someone with a growth mindset says:

- "I can learn to be good at anything that I work hard at"
- "When I'm frustrated I persevere"
- "I want to challenge myself"
- "Failure is an opportunity to grow"
- "I try hard"
- "I have a positive attitude"
- "Challenges help me to grow"
- "I am inspired by the success of others"
- "I learn from the feedback from others"
- "I believe that hard work and effort leads to success"
- "I will learn from my mistakes and make changes"
